Come Back

Brad Sucks

I was drained by the open market
And it came in my old apartment
Things were great but I failed regardless
I can't explain it

There's nobody around to wonder what all I'm doing
Nobody around to extend the allusion
Nobody around that's gonna be a few changes
'Cause I'm honestly fine just waiting

I wish you'd say that your heart is broken
It's been so long since we last spoken
I couldn't shake the sense of devotion
I couldn't shake it

There's nobody around to wonder what all I'm doing
Nobody around to extend the allusion
Nobody around that's gonna be a few changes
'Cause I'm honestly fine just waiting

'Cause I want your trust to be loving and admired
Living without your drugs makes me feel so fucking tired
We yes and no we can't always be desire
But living without your love makes me want to start a fire

If I make a come back
I will make you paint til you go black
And you'll never ever say that I was so bad
You couldn't see my face on the program
And I'll be giving you an interview
By the way I do what you want to do
