

Shots Fired

Stray from the Path

Fired, shots fired
Machine gun song ringing all night long
Born and raised
to be placed in a system with such rage
(We Want You)
Serving up cocktails of bullets and bombshells
Don't ask and they won't tell
(We Want You)
Soldiers with missions, you better read your positions
and turn the village to victims
(We Want You)
You wanted to be sent over seas
to watch the people suffer on their knees
Yeah we'll cover it up in a terrorist way
Yeah we'll cover it up in a terrorist name
Fired, Shots fired
Machine gun song ringing all night long
Made into slaves that get paid
to clean house and throw grenades
(We Want You)
Burning our bridges with every foreign religion
based off of business decisions
(We Want You)
No weight on the shoulders of mechanical soldiers
You believed what they told ya
(We Want You)
You wanted to be sent over seas
to watch the people suffer on their knees
Yeah we'll cover it up in a terrorist way
Yeah we'll cover it up in a terrorist name
We Want You
There's no glory in your war story
Fired, Shots fired
Machine gun song ringing all night long
