

Anyhow

Tedeschi Trucks Band

Running from a bitter taste
Took a rest from all the chase
Feeling something anchored on my soul
Played the game by all the rules
Learning lessons no one gets to choose Everywhere I turn, here I am
So walk away with me
I'll show you that [Chorus:]
I would go anywhere, anytime
I would do anything, anyway
Anyhow Woke up feeling all adrift
Pieced together what I missed
Realized that you pushed me out to sea
Followed from a lost place
Dealing with the wreckage in my soul Everywhere I turn, there you are
So walk away with me
I'll show you that [Chorus:]
I would go anywhere, anytime
I would do anything, anyway
Anyhow No one cares to loan a dime
Sorry if it cost you time
What'd you expect a desperate man to do?
Cain and Abel lit the flame
We can never go that way again Everywhere I turn, here we are
So walk away with me
I'll show you that [Chorus:]
I would go anywhere, anytime
I would do anything, anyway
Anyhow
