

# Love Don't Love Nobody

Eric Clapton

Sometimes a girl will come and go  
You reach for love but life won't let ya know  
That in the end, you'll still be lovin' her  
But then shes gone, you're all aloneSign of pain is on my face  
Well, my heartbeat stops  
But I won't take the blame, no no  
I gave her all the love, I had within  
My love was strong  
Somethin' went wrong, no noIt takes a fool to learn, yes sir  
That love don't love nobody  
Love, love, love, love, love  
It takes a fool to learn, yes it does, girlThat love don't love no one  
That love don't love no one  
It takes a fool to learn  
Stop to think about it, well  
That love don't love nobody, oh oh noIt takes a fool to learn  
When you're down and out, shout about it  
That love don't love no more  
Tell the world, ooh babe, no more, ohh babeIt takes a fool to learn  
Gotta be more careful about myself  
That love don't love nobody  
It takes a fool to learn  
Woah baby, took me a long time to learn, to learn, wellThat love don't love no one  
It takes a fool to learn  
I was a fool, you were a fool  
That love don't love nobody  
Now we got love, we need love  
It takes a fool to learn
