

# Dead Zoo

## Youth Group

I know,  
something's wrong,  
but something's going to change.  
A frozen line,  
of suits and ties,  
displayed in their own cage. And I just walk on through...  
and I just walk on through...  
yeah I just walk on through...  
through the dead zoo. I know,  
something's wrong,  
is it ever going to change?  
An aviary,  
a mortuary,  
from the Panasonic age. And I just walk on through...  
and I just walk on through...  
yeah I just walk on through...  
through the dead zoo. I know,  
something's wrong,  
we've got to make a change.  
Another term,  
will we ever learn?  
Come on let's turn the page. And I just walk on through...  
yeah I just walk on through...  
yeah I just walk on through...  
through the dead zoo.
