Baby Don't Stop

Joe

Yeah, that's the way it is
Do it some, baby, ah yeah
Yo, my background singersBaby, don't stop what you're doing, I like it
Baby, don't stop what you're doing, I like it
Baby, don't stop what you're doing, I like it
Baby, don't stop what you're doing, I like itPoetry in motion, baby
That's the way you are, a very sexy lady
You know just how to make me happy
By working me over and over again, yeahGet on top of me and give me what I need
Fulfill my fantasy, throw me up and down
Make me make all kinds of sound
Baby, don't stop, I'm begging you pleaseBaby, don't stop what you're doing, I like it
The way you love me to, baby
Baby, don't stop what you're doing, I like it
Can't seem to get you off my mind
It feel real goodI'm the vulnerable passion, baby
I have for you 'cuz of what you do
Can't seem to get you off my mind
And I'm never ever gonna tryYou drive me, oh, so wild
With your kisses and your smile
And the love you give to me
Make love to me right now
Anyway and anyhow
I like the way you do it to meThe way you rub your nails
And cross my body, baby
Don't stop, I like it, baby
Make love to me right nowI want to get real nasty with you, baby
Make love to me right now
I want to get real nasty with you, baby
The way you want to, baby
