Kid

Julia Fordham

Kid, you're doing ok
Kid, you're on your way
Kid, the band is starting up your song
Kid, you can't go wrongAnd this too shall pass
I promise these tears won't last
This too shall fade
Something lost, something saved
Something lost, kid, something savedKid, don't grow up before your time
Kid, you're doing fine
Soon love will call to do its thing
Kid, let it in[chorus]Do you remember when I took your smaller hand
And told you I would always try to understand
Oh kid[chorus]Oh kid
Our kid
