

# Too Hot

## Alanis Morissette

Always too hot never too cold  
You make your best shot too hot to hold  
Never too young, never too old  
You gotta go for gold  
I don't know what you're gonna do with this  
Check this out  
Hey boy you wanted all or nothin'  
Lose the apprehension baby  
And go with the flow 'cause you know you've got to stand up  
If you want the answers  
You need to blast 'em straight up baby  
So say what you mean and you mean to say now  
Hey you don't have to go and prove it  
You just go ahead and do it  
Your time is for the takin', makin'  
The best of what you got now  
Always too hot never too cold  
You make your best shot too hot to hold  
Never too young, never too old  
You gotta go for gold  
Don't care what they say about ya  
You never throw a hero party  
For those who oppose who you chose to be now  
Maybe you could feel the power  
It's like a bomb inside your head that blows  
If you're slow when you go to use it  
You, you gotta show them that you mean it  
Just go ahead and scream it  
And show them what they're missin' listen  
To what your heart could tell ya  
Always too hot never too cold  
You make your best shot too hot to hold  
Never too young, never too old  
You gotta go for gold, and you'll make it baby  
Always too hot never too cold  
You make your best shot too hot to hold  
Never too young and never too old  
You gotta go for gold and you'll make it baby  
Gold and when you're there you gotta

Throw your hands in the air  
And wave 'em like you just don't care  
(Okay party people in the house, get on it)  
Reachin' teachin' practice what you're preachin'  
Throw your hands in the air  
And wave 'em like you just don't care  
(Okay party people in the house, with action, action)  
Movin' provin' everything you're doin'  
Always too hot never too cold  
You make your best shot too hot to hold  
Never too young and never too old  
You gotta go for gold  
You, you don't have to go and prove it  
You just go ahead and do it  
Your time is for the takin', makin'  
The best of what you got now  
Always too hot, never too cold  
Give your best shot  
Go with the flow 'cause you know you've got to  
Always too hot never too cold  
You make your best shot too hot to hold  
Never too young, never too old  
You gotta go for gold and you'll make it baby  
Always too hot never too cold  
You make your best shot too hot to hold  
Never too young, never too old  
You gotta go for gold and you'll make it baby  
Always too hot  
Take your best shot  
Go with the flow 'cause you know you've got to  
Always too hot  
Take your best shot  
Go with the flow 'cause you know you've got to
