## Project Pitchfork

defendant - judge - cell - guardian - key  
all in one person feel love  
and fall into the sky  
you'll be caught - dive into your soul defendant - judge - cell - guardian - key  
all in one person  
but you locked yourself again  
like every time - in every life  
remember yourself  
I'm just passing by to tell  
you might be chained heaven is waiting  
time has been given  
defendant - all is you  
judge - you can be part of all again  
cell - guardian - key  
all in one person  
but you locked yourself again  
like every time - in every life  
remember yourself  
I'm just passing by to tell  
you might be chained a seeker surrounded by darkness  
is still searching
