Advisory - the following lyrics contain explicit language:

It ain't nothin' but cigars, Audemars
Got so many foreigners, you need a passport to walk in my garage
It ain't nothin' nigga, ain't nothin' nigga
Take a lifetime to spend money this long, nigga, we been on
(Uh, nigga, we been on, we done came up)
(From them red cups to them gold bottles, livin' on islands, caked up, uh)
It ain't nothin' nigga, ain't nothin' nigga
(Stuntin' on niggas and taking their broads) Okay, you know that we be in the club all night, throwin' up this
