Fever (Radio Edit)

Roosevelt

Fading back into the night
No nothing is gonna weigh me now
Far away from what we are
Hold me up into the light
Get back to where we started out
Far away up in the skyBring back the fever again
Don't lose the fever againFading back into the night
No nothing is gonna hold us down
Leaving all the rest behind
Hold me up into the light
Get back to where we used to lie
We are lost inside our minds
Bring back the fever again
Don't lose the fever again
