Poison

Beyonce Knowles

You're bad for me I clearly get it
I don't see how something good could come from loving you
The death of me must be your mission
Cause with every hug and kiss you're snatching every bit of strength
That I'm gon need to fight off the inevitable
And it's a heart breaking situation I'm up in, but I can't control
[Chorus]You're just like poison
Slowly moving through my system
Breaking all of my defenses with time
You're just like poison and I just don't get it
How can something so deadly feel so right?
I'm not sure of what to do it's a catch 22
cause the cure is found in you I don't want it but I do
You're just like poison
My affliction, I'm addicted, I can't lie
Kiss me one more time before I die
[Verse 2]You aint right take me high
Then that high it subsides
And my body flat lines
Then you come to revive
Wait wait wait I'm alive
But how long will it last
Will it all come crashing down?
How many doses am I needing now?
What's the prognosis will you be around?
Or am I just another victim of an assassin that broke my heart down
[Chorus]Baby you're just like poison
Slowly moving through my system
Breaking all of my defenses with time
You're just like poison
And I just don't get it
How can something so deadly
Feel so right
I'm not sure what to do
It's a catch 22
Cause the cure is found in you
I don't want it but I do
You're just like poison

My affliction, I'm addicted, I cant lie
Kiss me one more time before I die
[Bridge]It's just not my body (No)
It's my mind, you don't know
How many times I told myself
This cant do (cant do)
And that I don't need you (No I don't need you)(no)
It's so unfair(fair) that I find myself right back in your care(care)
And what's good is that when you're not always there (there there)
You're no good for my health (my heath)
You're just like poison (whoa whoa whoa) (repeat)
[Chorus]You're just like poison
Slowly moving through my system
Breaking all of my defenses with time
You're just like poison
And I just don't get it
How can something so deadly
Feel so right
I'm not sure of what to do
It's a catch 22
Cause the cure is found in you
I don't want it but I do
You're just like poison
My affliction, I;m addicted, I cant lie
Baby Kiss me one more time
you're just like poison
Slowly moving through my system
Breaking all of my defenses with time
You're just like poison
And I just don't get it
How can something so deadly
Feel so right
I'm not sure what to do
It's a catch 22
Cause the cure is found in you
I don't want it to
You're just like poison
I'm addicted, I cant lie
Kiss me one more time
Before I die
