

Doctor Brown (Album Version)

Fleetwood Mac

Oh they call me Doctor Brown
They call me that lovin' man
Oh, they call me Doctor Brown
They call me that lovin' man
And if you got some trouble
Come around and see what you can
You don't have no prescription
You don't have to take no pills
You don't have no prescription
And baby don't have to take no pills
If you come to see me
Doctor Brown will cure your ills
Oh ask any woman in my neighborhood
You just ask any woman in my neighborhood
You just ask any woman
In my neighborhood
You just ask any woman
In my neighborhood
If Doctor Brown don't cure you
Nobody can do you no good
