Benny and Joon

William Beckett

spreading rumors in the hallways, like telephone
watered down with white noise, overblown
are they ever gonna just leave us alone?take a look at all the white coats in the room
starin' at us sideways like we're benny and joon
yeah, we saw that movie toowe know what they don't know, whoa oh-oh oh oh-oh
we see what they can't see, whoa oh-oh oh oh-oh
they say we're crazy, i say well maybe that's true
we know who we are now, just leave us alone! hey!
just leave us alone- hey!when i met you from the voices in my head
it felt like a reaction from all the meds
now i don't feel that depressednow they got me strapped down in the chair
but as long as you're beside me, babe, i don't care
well i guess its been a really fucked up year, oh nowe know what they don't know, whoa oh-oh oh oh-oh
we see what they can't see, whoa oh-oh oh oh-oh
they say we're crazy, okay, well maybe that's true
we know who we are now, every little flaw
in spite of all the poison, the chemicals and all
we know who we are now, we know who we are now
so just leave us alone, hey! so just leave us alone, hey!take a look at all the white coats in the room
starin at us sideways like we're benny and joonwe know what they don't know, whoa oh-oh oh oh-oh
we see what they can't see, whoa oh-oh oh oh-oh
they say we're crazy, okay, well maybe that's true
we know who we are now, just leave us alone! hey!
just leave us alone- hey! just leave us alone
just leave us alone, just leave us aloneyeah, we saw that movie too
