

Lead Me

Krystal Harris

Oh no no no no Lately something's come over me
I once was blind, oh but now I see
A power flowing through my soul
Giving me control
Making me feel whole[chorus]Lead me, all through the days I go
I need you all through my life I knowAll my life I felt that i
Would rise above and reach the sky
All I needed was a helping hand
And there you were
For me once again[chorus](I need you in my life)
(I need you)Now I can thank you
For showing the way
Keeping me strong
Every day
All because of you
I can do anything
Lead me home
Lead me homePlease don't leave me
Don't go away
Cause I need you today in my life[chorus 2x]Cause I need you today in my . . .
