

# I Believe (America's Got Talent Mix)

## Blessid Union of Souls

Walk blindly to the light, reach out for his hand  
Don't ask any questions and don't try to understand  
Open up your mind and then open up your heart  
And you will see that you and me, we aren't very far apart 'Cause I believe that love is the answer  
And I believe love will find a way  
And I believe that love is the answer  
I believe, ohh, love will find a way Violence has spread worldwide and there's families in the streets  
We sell drugs to children now, why can't we just see?  
That all we do is eliminate our future with the things we do today  
Money is our incentive now and that makes this okay But I believe that love is the answer  
And I believe love will find a way  
And I believe that love is the answer  
I believe, ohh, love will find a way, yeah I've been seeing Lisa now for a little over a year  
She said she's never been so happy but Lisa lives in fear  
That one day daddy's gonna find out she's in love  
With a nigger from the streets  
Oh how he would lose it then but she's still here with me  
'Cause she believes that love will see it through  
And one day he'll understand  
And he'll see me as a person not just a black man. 'Cause I believe that love is the answer  
I believe that love will find the way  
I believe I believe I believe I believe that love is the answer  
I believe that love will find the way  
Love will find the way  
Love will find the way  
Love will find the way  
Please love find the way  
Please love find the way
