

Anything Like Me

Brad Paisley

I remember sayin' I don't care either way
Just as long as he or she is healthy I'm okay
Then the doctor pointed to the corner of the screen
And said "Ya see that thing right there, well you know what that means" And I started wondering who he was
going to be
And I thought heaven help us if he's anything like me
He'll probably climb a tree to tall and ride his bike too fast
End up every summer wearin' something in a cast
He's gonna throw a ball and break some glass, in a window down the street
He's gonna get in trouble, he's gonna get in fights
I'm gonna lose my temper and some sleep
It's safe to say that I'm gonna get my payback, if he's anything like me I can see him right now, knees all
skinned up
With a magnifying glass tryin' to melt a Tonka truck
Won't he be a sight with his football helmet on
That'll be his first love til his first love comes along
He'll get his heart broke by the time he's in his teens
And heaven help him if he's anything like me He'll probably stay out too late and drive his car too fast
Get a speeding ticket he'll pay for mowing grass
He's gonna get caught skippin' class and be grounded for a week
He's gonna get in trouble, we're gonna get in fights
I'm gonna lose my temper and some sleep
It's safe to say that I'm gonna get my payback, if he's anything like me He's gonna love me and hate me along
the way
Years are gonna fly by, I already dread the day
He's gonna hug his momma, he's gonna shake my hand
He's gonna act like he can't wait to leave
But as he drives out, he'll cry his eyes out
If he's anything like me
There's worse folks to be like
Aw he'll be alright, if he's anything like me
