

Forever Mine (Club Version)

Ellie White

uh, uh, uh,
i wanna be free, i want you to be
feel me when i see in the morning
so here i go, i cant take it slow,
cause i wanna be free now!
youre all that i want, youve opened my heart
im letting you in to be mien forever
the higher i go, i cant take it slow,
cause youre all that i want now!chorus: (x2)
the sun in my eyes, the wind in my hair
your kiss on my lips, your hand in my hand
body to body, soul to soul
youll take me back to the summer love!i wanna be free, i want you to be
feel me when i see in the morning
so here i go, i cant take it slow,
cause i wanna be free now!
youre all that i want, youve opened my heart
im letting you in to be mien forever
the higher i go, i cant take it slow,
cause youre all that i want now!chorus: (x2)
the sun in my eyes, the wind in my hair
your kiss on my lips, your hand in my hand
body to body, soul to soul
youll take me back to the summer love!
