

# Birthday Drunk

## Fruit Bats

To be young  
And birthday drunk  
So drunk  
And a new love  
And with the watershed  
The hair of you To be alone  
And Christmas stoned  
True ways no longer  
All roads no longer lead to here  
All roads no longer lead  
To here  
So give away all you've ever owned  
And forget all you've ever known  
Forget all you ever known  
Forget it all  
To be a sweet  
Young pup  
Birthday drunk  
Birthday drunk
