

Ictus

Tad

I won't let you let me down
I won't let you let me down
 don't gimme no lip
 or breathe a sound
I won't let you let me downchorus
 You couldn't sell me out
 not this time around
 all the tales you tell
you can't hide from this hell! I won't let the sun burn out
I won't let that truck run me down
 don't gimme no lip
 or breathe a sound
I won't let you let me down
 all you planned was grim
 tried to dig right in
 you couldn't sell me out
 not this time around
 all the tales you tell
you can't hide from this hell!
