Miss Lady

Beth Hart

I remember long time ago
You outside of your show
Tell me to come back
You said that I was on your jet

So then thatâ€™s why all I know
Someday you will come around talking your charm
You say that you thought that youâ€™ll be mine all the time
You know just how to dream

Come down when Iâ€™m feeling right
And youâ€™re gonna see that you cannot have
And you wanna say that your love is over
But you take somebody just to take you home

Oh baby, come home, home right now yea yea yea
Alright
Farewell, itâ€™s over, go
I know that someday
She will find

So come back to me
Youâ€™re mine, baby

So baby wonâ€™t you say?
This time youâ€™re gonna come around here
I thought youâ€™re gonna save me
You say youâ€™ll never get out and above

Oh, many times before
You say you were coming and knocking at my door
But I was low
Yea, but you will see

Hey Miss Lady, come on home
But that donâ€™t mean you live alone
Hey Miss Lady, come on home
I need ya in my soul
Miss Lady, come on back
Oh yea hey

Iâ€™m comin Iâ€™m comin Iâ€™m comin to set you free
All the time
Itâ€™s in my heart
Get right
