

She Needed Me

Karl Valentine

yeah, she needed me
but she needed to be free
it was not about me
when i hold her hand
does she understand?
that iâ€™d be her man

i donâ€™t know why
she makes me cry
but sometimes i do
when i think about you

in another world
would you be my girl?
Let this world stand still
i watched you pass me by
a ship out in the night
man, you burned so bright

donâ€™t you ever change your mind, girl
what if the world would stop
and let you off for awhile...
would you think of me?

yeah, she needed me
but she needed to be free
it was not about me

when i hold her hand
does she understand?
that iâ€™d be her man

i donâ€™t know why
she makes me cry
but sometimes i do
when i think about you
