

Rumble

The Soorleys

[U-God]Countdown...
Are you ready? Are you mad inside?
Got you strapped down to your seats
Outta the doorway, bullets ripped, full clip
God speed, approach follow my lead
Firewinds gust, empire crush
Full thrust, fall in the hole, roll wit the rush
Untouchable chunk of ?air, wax and soul?
Soundwaves slay out the back, ?cave? smoke
My belly-full prance dance, avalanche quote
Down slope, elegant as Fantasia
Killer whale tale inhale, black male from Asia
All out the wood works, hood shirts and wizards
No match, unhatch, the rap is rigid
In the shaft, shotty cop, hip hop to the limit
Nightwatch, pad mark
Sparks spin a quake nuclear blast, heavy on the cash
Gimmie what it takes NOW!!
[Chorus (U-God) 2x]RAGE ROCK ROLL FIGHT
BRAWL FALL RUMBLLLLLLEEE!!!
[Letha Face]The diabolic witty, dialect's darker than Gotham City
Wit the possibilty to stop your walkin ability
God forgive me, spark enemies wit pistol grips
The missle tip's impact hit you so hard, you shit through your dick
Official scripts strikes when physical hits
You physical bitch, watch for the imperial blitz, serious shit
Submit, subject to the wreck wartone, and thought poems
Liver than WWF Warzone
Walk upon ? tracks, bodies collapse
Rap for lottery stacks, shatter like when pottery cracks
Logical facts from the terror dome
Spill from the guts, trail to you ?puss? from where you bust
In God you now entrust
Dog you like hound and mutts, Pound Pups get sound struck
Clown what? You'll get drowned in the cut
While crowd round up
[Chorus 2x][Inspectah Deck]
Aiyyo yo
I spit bars

Travellin tremendous speed measurin far
 Been bustin satellites circlin Mars
Verbal onslaught, bring forth physical force
Of a hundred wild niggas piled in a Trojan Horse
 Thought method, set it on generic mic ethic
 Professional neck shit, left foes beheaded
 This music, is mind control like computer chips
 Been doin this for numerous years, refuse to lose it
 Wit turbo tactics, manuever like a trained soldier
 Hall of Fame flame thrower, take game, it's game over
 Ayatollah, high roller nine totter
 Mind controller, 2009 time folder
 My coalition, bring the demolition
Wu-blade decision, slate the competition, wit no intermission
 Spittin hazardous darts, up front like Rosa Parks
 Makin million men march
[Chorus 2x][Method Man]Yo, who got next? Meth got next
 I chin check, all these MC's line em up god, I go ? hard
 Declare holy war, it be hard to dip and dodge
 Police squads tryin to bogard, we rip and rob
 The boulevard ain't safe for your kids, that's how it is
 In the ghetto, we ain't scared to death, but scared to live
 So Goldy, mosey to the spot, get that moldy
 Rusty-ass .38 Special, niggas owe me
 Slowly I turn, face the one and only
Naughty By Nature, I Do My Dirt All By My Lonely
 Ask Pretty Tony, when I got a bitch I keeps a bitch
 36 Chambers, Enter at your own risk
 Take that watch off and tuck your necklace
 City never sleeps, streets is restless
 Rap style'll slave you, when you least expect it
 Pull the plug on your respirator, leave you breathless
 Wu-Tang forever and a day, better warn your boys
 I deploy battleship rap, seek and destroy
[Chorus 2x]
