Powerful

Rone

Then we both went home
On separate trains
When the heart had gone
Out of itBut I'm not gonna cry
I wanna laugh again
I'm not gonna try
When it isn't happening
I'll just let it goCan you feel me now?
Powerful
Do you hear me now?
Every thing's possible
Wonderful, feel like I'm beautifulWhen we both look back
We don't see the same
I don't need to deal with
That hurt again'Cause I'm ready to fly
I've gotta spread my wings
I don't wanna die without living
Just let me goCan you feel me now?
Powerful
Do you hear me now?
Every thing's possible
Wonderful, I feel like I'm beautifulYou told me that I could never love
Without you
I didn't argue with the fact
I guess I was happy with that
At the timeCan you feel me now?
Powerful
Do you hear me now?
Any thing's possibleCan you feel me now?
Powerful
Do you hear me now?
Any thing's possible
Wonderful, feel like I'm beautiful
Natural, lyrical, no longer cynicalThen we both went home
