Perk Pietrek

Clock in when the mood strikes
I do what a boss likes
Slow pokes, they look twice
Cold bitch, Iâ€™m a Klondike
Fuck boys get curved tough
When a girl gang, gang roll up
Make a beeline for the green room
I get money to show up
Iâ€™m speaking at grad night
Iâ€™m living that rap life
Im sleeping like a baby
I work hard and I act right
Come for me, get your facts straight
Iâ€™m that bitch that youâ€™d love to date
Iâ€™m that chick, smoke paper plates
Pull bad boys on my lunch break
