Shit For Dreams

Devotchkas

Never to be happy seems the way it's meant to be
Violence all around me- Now violence part of me
Chosen few get to have it all
While the rest of us always take the fallWe get shit for our dreams
Shit for our love
Shit for our jobs and
Shit for who we are
Shit for our dreams
Shit for our love
Shit for our future and
Shit for who we areThere's nothing here left, why can't you see
Everything I've had you've taken from me
Hope for a future, future for what
An upper class job- raping the buckWe get shit for our dreams
Shit for our love
Shit for our jobs and
Shit for who we are
Shit for our dreams
Shit for our love
Shit for our family and
Shit for who we areI don't what's right for me
I don't what I'm supposed to be
All I know is for those I care for best
Take what you can, never settle for less
I'll be okay, I've done it all before
Just another breather to be going back for moreWe get shit for our dreams
Shit for our love
Shit for our jobs and
Shit for who we are
Shit for our dreams
Shit for our love
Shit for our family and
Shit for who we are
SHIT FOR DREAMS
