Space and Time

Kalenna

Maybe we need time to get back together
We've been fighting all day
If it's meant to be then we gon' be together
Forever always!
Don't give up on me, I believe in love
Won't give up on you, I believe in you
What's it gonna take to see the bigger picture?
Got tired of feeling crazySpace and time, always makes the heart grow fonder
Space and time, always makes the love last longer
Space and time, say what's really on your mind, babe
Space and time, some how makes the heart grow fonder
Maybe what we need to do is pray together
To chase the demons away
If it's really meant then we gon' be together
Forever always!
Wishing on a star, wanna be where you are, oh
Got me talking to the moon, how'd you get so far?Space and time, always makes the heart grow fonder
Space and time, always makes the love last longer
Space and time, say what's really on your mind, babe
Space and time, some how makes the heart grow fonderBaby, can't we get back in a nick of time?
Make our heart beats better in the space and time
Please don't go, no-nowhere
Promise that I'll be back in a nick of time
Memory the smell on your pillow I lay it
Promise that I'll be back in a nick of time
Pray for me, and I'll pray for you!
Fight for me, and I'll fight for you!
Stay with me, and I'll stay with you!
Space and time, always makes the heart grow fonder
Space and time, always makes the love last longer
Space and time, say what's really on your mind, babe
Space and time, some how makes the heart grow fonder
Space and time
Space and time
Space and time
Space and time
