

# Should I Stay (K Warren Dub)

## Gabrielle

Here I am, waiting for a sign, I never seem to know.  
If you want me in your life, where do I stand?  
I just don't know  
I never feel I know you  
'Cause you blow hot and you blow cold.  
It seems I've grown attached  
Though we're nit the perfect match  
I just can't explain Should I stay  
Should I go  
Could I ever really stand to let you go?  
Can you now find the right words to say,  
That maybe I'm getting in your way I feel your warmth, got me wanting more, you've left the door half open  
I'm in two minds to explore  
But then again, am I being honest, being truthful to myself  
Can I see my life without you  
Could I be with someone else?  
It seems I've grown attached  
Though we're not the perfect match  
I just can't explain it [Chorus] Should I stay  
Should I go  
I really think it's time you let me know  
Can you now find the right words to say  
That maybe I'm getting in your way It seems I've grown attached  
Though we're not the perfect match  
I just can't explain [Chorus]
