

# Thank You Lord

**Bill Fay**

Thank you lord  
For the sky above me  
Thank you Lord  
For the earth below me  
Thank you Lord  
For the love you've shown me  
Your son on the cross is ever before me I don't ask much for myself  
But for the ones I love  
Guard them and protect them  
Hold them close to your heart  
Tonight, all the windows are open  
Feel like a bird that can fly  
Whose wings were once broken  
I don't ask much for myself  
But for the ones I love  
If they should stray away from ya  
Receive them back into your arms  
Thank you Lord  
For giving life to me  
A river so wide, flowing from you and through me  
I don't ask much for myself  
But for the ones I love  
Guard them and protect them  
Hold them close to your heart  
Thank you Lord  
For forgiveness and mercy  
Thank you Lord  
Thank you Lord  
Thank you Lord  
Thank you Lord  
Thank you Lord  
Thank you Lord
