

Don't Say Your Love Is Killing Me

Erasure

My eyes are closed and I've nothing more to say
But I was so willing to give it all away
And what a show I've loved you all I could
When will I see you is nothing understood? You thought I was stupid
But now I stop at nothing
I thought you were better
But love's gonna take a man
Yeah love's gonna take a man Don't say your love is killing me
You know how much it means to me
I too have feelings deep inside
But would not hurt your foolish pride Heaven only knows
At your every turn a scandal
But how's it suit you
When it's all too much to cope with? You thought I was nothing
Before you stepped into my life
I thought you were clever
But love's gonna take a man
And you haven't got it in you Don't say your love is killing me
You know how much it means to me
I too have feelings deep inside
But would not hurt your foolish pride Don't say your love is killing me
You know how much it means to me
I too have feelings deep inside
But would not hurt your foolish pride Don't say your love is killing me
You know how much it means to me
I too have feelings deep inside
But would not hurt your foolish pride
