This Love

Stavesacre

Through the night and through the storm
Searching for any signs of hope
Some sign of life among the coals
Can anyone hear thisSeduction of a generation
No common threat to overcome
No one's asking for my blood
Can someone say something pleaseHow much longer can this go on
Safe in slumber for so long
All is well but something's wrong
Why are you breathingRevolution is just a word
That loses more each time it's heard
Won't mean a thing until it hurts
Is anyone out therePassion hoping to find someplace safe for it to riseThis love is real it's pure this love endures
In burning hearts
Taking sides it turns and it divides
It awakens you or you sleep as others do
This loveI'm not a prophet I'm not a priest no sense to lead us to victory
But with everything inside of me I want to know why I'm living
Revolution is just a word it loses more each time it's heard
But in my little world I watch it burn
And I know why I'm out herePassion hoping to find someplace safe for it to riseThis love is real it's pure this love endures
In burning hearts
Taking sides it turns and it divides
It awakens you or you sleep as others do
This love, this love is realStrength
Hope
Heart
TruthThis strength this hope this heart this truth
This love
