Yes We Can

The Naked Brothers Band

Just a friendly face in a crowd of strangers

With hands held close we will fear no danger
Seeing stars for the next 8 years
Wishes mainly go your fear
Yes we can
Yes we cannnnnn
Yes we can
Yess we cannnnnn
JFK for the brand new loop
In our life time we enter a hopeful state
Be kind to your neighbor if no one is watching
Beside love goodness no one is stopping
Yes we can
Yes we cannnnnn
Yes we can
Yess we cannnnnn

Yes we can
Overcome

Yes we cannn
Be as one
Yes we can
Work together
Yes we cannnnnnn
Tell me that im preaching
Im just speaking my mind
Tell me that im reaching
gotta reach to find
Love the world and you begin
To see what its about
Can we change the way we live
And let the truth sing outtt
Yes we can!!!!!!!!!!!!!!!
