

# Treasure Island

**Nikki Sudden**

I set sail for Treasure Island  
Jolly Roger at the top of the mast  
Looking for love, looking for adventure  
And whatever might come to pass.We weighed anchor at Treasure Island  
Galleon breeze blowing through the trees  
And my pirate girl, she stands there beside me  
From the Spanish Main unto the seven seas.We set sail 'cross the Caribbean  
Oh me, me and my pirate girl  
Looking for gold, gold and doubloons  
All the treasures of this world.Oh! Yea! Ah!
