Dream Atlantic

Your sanity is out of reach
And on the verge of collapse
I begin to see everything you hideDaring darling!
When the colors bleed together
When separate lives collide
This facade you put forward
Will fall to ruins
My dependency upon you
Has come into question
Surrounded by negativity
Victimized by you I will be no moreToo bad the grass was greener
On the other side is a fire
Two faces one big liar
The mask you put between you and me
Second stage of a losing fight
Deadly, steadily pulling us apartI felt, something wasnt right
You cant say anything at all
Left to, sleep alone tonight
You cant say anything at all
You wont, glance into my eyes
You cant say anything at all
Left to, sleep alone tonight
You cant say anything at allThe storm has breached the surface
Vast array of emotion
On display for everyone to see
For everyone to see
Too bad the grass was greener
On the other side is a fire
Two faces one big liarWhy is it so hard
So hard to be humane
When i get pushed to the edge
Ill bring the fucking riot
