

I'm in a Low Down Groove

Billie Holiday

I'm in a lowdown groove
From carrying a torch for you
Oh, what a lowdown groove
Really don't know what to do My heart has no sense of humor
Dear, as far as you're concerned
It's more than a Winchell rumor
This time I really got burned I don't need a song to prove
That I'm in such a lowdown groove
