

# Omaha

## Walter Trout

Give me your hand I wanna walk out in the hall  
I can't stand up and I'm afraid that I might fall  
Lookin' out my window at the rain, I need something for the pain  
But I don't wanna get strung out again  
I'm down in Omaha3am, I stare at the TV  
Somebody just walked in, say they wanna take more blood from me  
Doctor Dan say just hold on if I wanna see another dawn  
But I know I might be the next one gone  
Down in Omaha  
On the floor there's people dyin'  
Can't take it no more, I can hear the families cryin'  
But now I see the morning light  
Guess I made it through another night  
Fightin' hard to survive  
Just tryin' to stay alive  
Down in Omaha
