No!

Tower Blocks

No is no
No is always no
If they say no
It means a thousand times noNo plus no equals no
All no's lead to no, no, noFinger pointing, eyebrows low
Mouth in the shape of the letter OPardon me, no
Excuse me, no
May I stay? Can I go?
No, no, noDo this, no
Don't do that, no
Sit, stay, roll over
No, no, noFinger pointing, eyebrows low
Mouth in the shape of the letter O
Red means stop, do not go
No, no, no
