

Never Easy

Espen Lind, Kurt Nilsen, Askil Holm & Alejandro Fu

(Keating / Hedges / Brannigan)

It's another flight
On another night
To a strangers home that's
Far from home
It's cold in here
But I'm not clear
Where I have to go
But I know
I'll ignore what I feel
Cos I ain't making a deal
Time is rolling by
Wondering how far she'll fly
Never easy to say goodbye
The reason why
These things shall be
Whoa
Never easy to say goodbye
The reason why
That's the way it is
Whoa
In a different light
Do you know what's right
Am I pretending no
Well I guess so
Don't you fear
Cos Baby I'm here
I won't let you go
But I know
I'll ignore what I feel
Cos I ain't making a deal
Time is rolling by
Wondering how far she'll fly
Never easy to say goodbye
The reason why
These things shall be
Whoa
Never easy to say goodbye
The reason why

That's the way it is
Whoa
