In the Blue

Sneaker Pimps

(roll on ep)This insomnia's breaking my heartOh night, bright light
Oh my angel where are you, tonight?
My heart bleeds red
No-one here but the roach...
In my head (in my head)
In my head (in my head)
In my head (in my head)Distant war (?)
? ? ?
? ? ?
Speeding to a different place
I wonder what dieings like
God help me
God help me
God help me, I think I'm drowning in this tasteNow I'm out of cigarettes
? looks ugly and I get soaking wet
The lookless faces look like my ? ?
Flood the world
Flood the world
Flood the world with my tearsSo come on baby, tell me I'm wrong
Give me your fairy tales about those lucky freaks
I tell you lady, it won't be long
I think I've had more than the doctor said to take
