

Pass It Around

The Donnas

Well, it's only Thursday and it's no one's birthday
But we're goin' out for the night
Make a few stops, avoid the traffic cops
Pick up some whiskey and some dynamite But there's always someone
Who's gotta spoil it for the rest of the gang
You're such a little Bogart
And I'm sorry but you just can't hang Why don't you pass it around?
Don't bring the party down
If you don't pass it around
We'll run you right outta this town Well, it's already Friday, gonna do it my way
Everything's ready to go
But later on all the beer is gone
Downed by some guys I don't even know But there's always someone
Who's gotta spoil it for the rest of the gang
You're such a little Bogart
And I'm sorry but you just can't hang Why don't you pass it around?
Don't bring the party down
If you don't pass it around
We'll run you right outta this town Why don't you pass it around?
Don't bring the party down
If you don't pass it around
We'll run you right outta this town Pass that glass, pass it around
Pass that glass, pass it around
Pass that glass, pass it around
Pass it around, don't bring the party down Saturday night, don't really wanna fight
You get none if you didn't pay
Tell your little brother to go buy another
And give me back my Tankeray But there's always someone
Who's gotta spoil for the rest of the gang
You're such a little Bogart
And I'm sorry but you just can't hang Why don't you pass it around?
Don't bring the party down
If you don't pass it around
We'll run you right outta this town
Are you pickin' up what I'm putting down? Why don't you pass it around?
Don't bring the party down
If you don't pass it around
We'll run you right outta this town
