

Give Thanks (feat. Stick Figure)

Iya Terra

well if your lost and alone dont worry cause your already home.
i know its a long long road but we're ready to go
i found beauty and the balance in between all the highs and the lows
so as long as i can sing my song then im ready to go, you know im ready to go

for whatever gonna come my way, yes i just give thanks, i just give thanks
all the struggles and the troubles and the sorrows yeay' i just give thanks you know I give thanks
dont worry about tomorrow if your living today, just give thanks, you gotta give thanks
yeahh. its all gonna be okay we just give thanks you know we give thanks yeaahh

Instrumental break

i give thanks for this love that your giving me
My love is like an ocean and i got no worries
i sail to thee hung on the forbidden seas
ive been chasing the sun and but its gone eventually.
wake is rough and im not giving up
this place that is forsaken your memories are sacred
life gets tough man it'll start looking up
give thanks for this life we must hold it as a wavier

for whatever gonna come my way, yes i just give thanks, i just give thanks
all the struggles and the troubles and the sorrow yeay' i just give thanks you know I give thanks
dont worry about tomorrow if your living today, just give thanks, you gotta give thanks
yeahh. its all gonna be okay we just give thanks you know, give thanks yeaaaaauhh.
