

# P.C.P.O.S.

## Heideroosjes

You preach tolerance but hey, you act like a fascist  
Never joke around, if I say 'nice chick' I'm a sexist  
We sing about respect and unity in our scene  
But what I see is p.c. purism, you know what I mean  
Politically Correct Piece Of Shit  
You kill fun in music, just get out of the pit!  
Don't do that, just leave that,  
we don't tolerate what you just said!
