Blowout In the Radio Room

Fight

Trippin' out, oh, yeah, I'm freakin' out
This sound is bouncing me right off the wall
Lose myself, I can't control myself
I'm a radio head, that's in free-fallGets me high, high
High, highHazy man, oh, yeah, I'm blasted man
Out there flippin' through my paisley mind
Ride the wave from cradle to the grave
Breathe it in with my own kindGets me high, high
High, highBoned with sound, oh, yeah, I'm stoned on sound
No one gets to me inside this room
Spacin', oh, yeah, I'm racin' here
This sound gets in my head, my head goes boomGets me high, high
(I'm freaking out)
High, high
(I'm freaking out)
