

# Blowout In the Radio Room

## Fight

Trippin' out, oh, yeah, I'm freakin' out  
This sound is bouncing me right off the wall  
Lose myself, I can't control myself  
I'm a radio head, that's in free-fall Gets me high, high  
High, high Hazy man, oh, yeah, I'm blasted man  
Out there flippin' through my paisley mind  
Ride the wave from cradle to the grave  
Breathe it in with my own kind Gets me high, high  
High, high Boned with sound, oh, yeah, I'm stoned on sound  
No one gets to me inside this room  
Spacin', oh, yeah, I'm racin' here  
This sound gets in my head, my head goes boom Gets me high, high  
(I'm freaking out)  
High, high  
(I'm freaking out)
