

Washington My Home

Sicko

Washington my home
wherever I may roam
 you are my land
 my native land
 Washington my home
 your verdant forests green
 caressed by silvery streams
 with nests of pines and brandied wines
Washington my homethere's a peace you feel and understand
 in this our own beloved land
 we'll greet the day with head held high
 and forward ever is our crywe'll happy ever be
 as people always free
 for you and me a destiny
 Washington my home
