Get out While You Can

Spock's Beard

Get out while you can it's set to blow
You should just be glad I let you know
We don't like your kind here
So get out while you can
Get out while you can the need is high
I can see the fear in your eyes
We don't like pure minds here
So get out while you can
Do you see what I see?
A classless society, oh
Get out while you can it's set to blow
You should just be glad I let you know
We planted some mines here
So get out while you can
Do you see what I see?
A plastic society
Won't bring us to our knees
So come on and help me, oh, oh
Do you see what I see?
A plastic society
Won't bring us to our knees
So come on baby
Help me won't you please?
