

Everything (Breach Remix) (feat. Karin Park)

[Maya Jane Coles](#)

I imagine my lungs breathing in as a pair of wings
There's a crow in my chest crying out through my broken ribs
It's so warm on your forehead the sweat makes my lipstick melt
The deep smell of you dangerously
Matches the perfume inside of me
It must be my heart you are after
It must be my lings you are breath from
We are not the winners, nor the losers
Oh baby, we are the fight
You're everything I always longed for
Everything I always wanted
Everything, Everything
Everything, Everything
Love with you, it's from marble to mud every second breath
But you have me protecting your ass like a lioness
Sometimes I don't know whether to laugh or simply kill myself
But I don't care what they say
There's no mess that can't be danced away
Together we destroy, together we go down
You wear my necklace and I wear your black jeans
I still dream, you still dream
It ain't an easy life
But baby we are the fight
You're everything I always longed for
Everything I always wanted
Everything, Everything
Everything, Everything
