Don't Look Back

Kensington

Back
Don't look backBreaking the silence
Facing the fight
Can't stand that i am
A fool in your eyesSo, i'll be your liar
And i'll be the end
Lonely as i am
I'm fooling your eyes again
(build me up, don't break me down again)
I've been waiting for this
I'm wide awakeDon't look back, don't look back
Can't stop running
I'll be on my way
I will feel alive somedayRadio silence
Made up your mind
It's about time that
You threw it asideNow, i'll be a fighter
And i'll be the end
Although your eyes are
Cold as the night again
(build me up don't break me down again)I've been waiting for this
I'm wide awake
Don't look back, don't look back
Can't stop running
I'll be on my way
I will feel alive someday
Don't look back, don't look back
Can't stop running
I'll be on my way
I will see the lightSo you'll leave it at last then
You thought you won the fight
The underestimated, will take the throne tonight
So you'll leave it at last then
We're on the borderline,
You never hesitated
Now you're on your ownDon't look back, don't look back
Can't stop running
I'll be on my way
I will feel alive someday
