

# You're History

## Shakespear's Sister

Well  
you made your bed  
better lie in it - get back to sleep !You should see me when you're not around  
I'm a genius in this townI'm a queen bee when the coast is clearnow I know I don't need you  
dear.

So leave your hand like a magic man and disappear !You're history

- like a beat up car -  
No good for me  
- like an old film star -  
You're history  
- that's what you are - na

na

na

You're history  
- you're history -  
No good for me

I'm the hero of the hourI'm a close friend of destiny when you're not here to bother me.

Well  
you made your bed  
better lie in it  
get back to sleep !You're history

- like ancient Rome -  
No good for me
