[Intro]

Whad up man

It's your boy [?] checking it live from mansion

Nobody 2 drops December 10, 2015

Nobody 1 drops 120 000, you know what I mean

You know this shit, im only be making this for 3 years too shit

I know lot of my friends [?]

I had to separate myself from everybody, even the folks in my crib

Want to take it to the next level, y'all ain't just can't get to it

I was just making a peice on my motherfucking 300 dollar computer, you know

Now I'll be in all type of million dollar studio going

I know you all grow up listening to the same shit

Kanye West, lil Wayne, Whiz Khalifa and all that shit

I got something better than all them niggas

But shit , you know I ain't no different than ya'll shit

I just use my head under my feet
